

Pallet Knife Creations
Maria-Paz Scott, Instructor

Maria was born in Santiago, Chile in 1971. She moved to Toronto in 1985. In August of 2003, she moved to Calgary where she found her passion for art.

Maria quickly fell in love with the texture, the looseness and the impressionistic feel of Pallet Knife oil paintings. She enjoys painting the beauty of Birch trees, the contrast of the knife texture versus the softness of flowers and the play of colors and composition of abstract paintings.

*Maria enjoys teaching her technique to students of all skill levels and ages. Her workshops are interactive, comprehensive and fun. She can teach **anyone** to paint a fabulous Impressionist master piece.*

Maria has been represented at Avenida Art Gallery and Harlequin Galleries in Calgary.

She is a member of the Federation of Canadian Artists and ArtPoint Gallery & Studios Society.

Maria's work was last exhibited at Calyx Distinctive Arts 18th Semi-Annual Art Exhibition and Sale on Sunday, April 26th, 2009. For information on future exhibitions and to view her work, please visit Maria at:
